The PCWRT invites you and a guest to join us for our second annual Members Only Picnic!

Built between 1730 and 1734, and briefly owned by Thomas Jefferson, historic French's Tavern has served as a store, a stage stop, an ordinary, and a private home. Now beautifully restored by members Fred & Carolyn Neurohr, on Saturday, July 16th it will serve as the site of the PCWRT's Members Only gathering!

Joining us is historian Charles L. Cooke. As a retired physician and volunteer at the National Park Service's Chimborazo Medical Museum, Dr. Cooke brings unmatched experience and insight to the topic of:
"Chimborazo Hospital - The Flagship Medical Center of the Confederacy."

The largest military hospital ever built on the North American continent, Chimborazo covered over forty acres and operated between 75 and 80 wards that housed up to forty patients each. Opening in October of 1861, "the hospital on the hill" would eventually treat over 76,000 patients and was viewed as one of the finest hospitals in the nation.

On the expansive lawns of historic French's Tavern, it's sure to be a memorable day. We hope you'll join us!
